

## My Sunshine

Its the 1980s in the industrial city of Sheffield in northern England, and Katy is born into the eager arms of an adoring family. By meeting her for the first time they just know she is a special gift. My Sunshine is a biographical account seen through a mothers eyes of her little girls fight with cancer. You are taken on an emotional rollercoaster ride of chemotherapy and radiotherapy, remissions and relapses. There are vivid glimpses into the life of one so courageous and yet her story has dazzling shafts of light as you hear about her mischievous antics and fun loving escapades. You will follow her journey through hospital life, her first steps, halcyon days of summers on the coast searching for treasure on the beaches and of her early days at school and learning to whistle. This is a heartfelt story of the indefatigable mothers love for her child.
