

ESCAPE FROM SINGAPORE

While it is the duty of an army to maintain enemy soldiers in prisoner-of-war (POW) camps, it is also the right of every POW soldier, irrespective of rank and nationality, to escape and to engage the enemy in whatever method possible. And when the stakes are as big as the Second World War, the stage is set for any challenge that a soldier may have to face... and overcome. This is a little known story of three young officers of the Indian Army, who escaped from a Japanese POW camp in Singapore and made their way through Malaya (now Malaysia), Thailand and Burma (now Myanmar) to reach India, over a period of six months. Traveling through a grueling tract of arid forests, with a forever depleted stock of provisions and always in the constant fear of coming face to face with enemy forces, these young officers displayed raw courage and bravery in the face of complete annihilation. Escape from Singapore is a story that should be read by all Indians, to let them know about this heroic act that would make them proud to realize that they too are Indians.
