

Musicians Horoscopes: ...by a Musician for Musicians

Musicians Horoscopes ...by a Musician for Musicians Why Musicians Horoscopes? We could just read what's already been written out there and try to make those 9-5 generalizations fit what we do as musicians and performers, but many times it just doesn't make sense. This book was written to fill that information gap because we are different in every way and in everything we do. How will a Sign interact in a group situation -- on the road, on stage or off? What do they have to offer productively, creatively, or collectively? Do they crave the spotlight or just a piece of quiet fame? Each Sign's Chapter includes: Their Personality Their Astrological House and how it rules their day to day The body part most closely associated with that sign How they operate within the group dynamic Musicians and Performers of that sign I've taken my interest in Astrology, merged it with my experience as a Musician and created Musicians Horoscopes for the Musician and Performer in you, or for you, if you have a Musician or Performer in your life. Wouldn't you like to know a little bit more about what makes us do what we do?
