

Hubert Kiecol: Golden (English and German Edition)

German sculptor Hubert Kiecol is a new style minimalist. The works of minimalist pioneers like Carl Andre or Donald Judd were simply there -- certainly not symbols for something else. Yet Kiecol's work, by contrast, is rich in association, and yet it is also evident that the emotional labor of association, the investigation of the archetypal, is left to the viewer. The interplay of form and openness connects Kiecol's sculpture to his two-dimensional work. The artist's balancing act, creating meaning and moods from minimalism, makes his work unique. A rich and comprehensively illustrated exhibition catalog.
