

Algae+Rhythm, Algae-Rhyme:Apt Surgical Rotation App: Book 3 Grove Health Science Series...

(This book tracks those crazy months when you find a breast lump & try everything to get rid of it...) This is Book 3 of the Grove Health Science Series... Book 1 is Grove Body Part Chart:A Medical Arts Innovation Book 2 is Do It Yourself Medicine:A Repair Manual This Book, Book 3, Algae+Rhythm, Algae-Rhyme:Apt Surgical Rotation App, should be read after reading Book 1 & Book 2 of the series... It deals with Handedness as it relates to gender... It also looks at avoiding surgery...Rotating out of the surgical protocol if you possibly can... The context, as it happened serendipitously, arrives, as one of the authors discovers a lump in her left breast... Churning that milk into butter is what that mouse is trying to do... Alternative supplements, Moxibustion, Acupuncture, Lancing & various other options are tried... This edition may be updated in case events happen that need to be discussed... This book began in a theoretical way but ended up on a personal note... Isn't that always the case? The neurological basis for the handedness discussion is given, & leads to some weird questions about that, such as:Are women actually left handed biologically? (This idea came from a scientific type examination of the sidedness of brain parts & body parts...That women seem to be right brained & left handed in type came up as a result of a logical study-it was not a foregone conclusion seeking justification...But neat to think about!!!LOL)... Sari Grove p.s.In the pursuit of getting rid of a breast lump, I was able to formulate some theories, & also some practical answers... First, was that, using the Minus elements on my Chart(Grove Body Part Chart is Book 1 of this series), ALL the Minus elements are detoxifying elements, & are thus useful in detoxifying the body that has found a breast lump... So my diet protocol included something for each Minus

element on the chart... Here are the Minus elements: Zinc Manganese Titanium Potassium Carbon Selenium Oxygen Iodine Copper Magnesium Fluorine So in the real world what do those Minus elements represent? Well here are some of the things I used... Zinc-I used Vitamin D drops & VegaOne sugar free energizer powder with Ginger & Turmeric... Manganese-I used Ground Nutmeg & Mugwort incense & Peanut Butter & Black Walnut Hull powder... Titanium-I chewed Cloves & rubbed clove oil topically... Potassium-Artificial sweeteners like stevia & splenda contain 4 molecules of potassium & also I drink coconut water... Carbon-Wavy Blue from getit-girl.com is anchovy oil & I took high doses of Vitamin E oil... Selenium-Kyolic makes 1000 mg garlic pills & Srichacha sauce is also a selenium Oxygen-Iris versicolor powder is an Oxygen as is raw saffron, also tincture of poke root(poke root is iodine btw)+iris for the Oxygen from Blue Boy herbs... Iodine-Poke root powder plus poke root tincture+iris from Blue Boy Herbs plus Figwort tincture plus Iodoral tablets plus Madagascar Periwinkle herb chewed & swallowed... Copper-Matcha tea plus organic Mount Hagen instant coffee plus Red Rose tea Magnesium-Whey Pink & Whey Green from Getit-girl.com because whey is magnesium... Fluorine-Our tap water is artificially fluoridated enough to get even too much fluorine in our diets... Exercise:I walk a slow 10 km walk along a trail & it takes me 3 hours including dawdling & stopping to pat peoples dogs or chat... Sunshine:Hawaiian Coconut oil & a comfy shorts with tank bikini from Swim Sports & the Vitamin D from the sunshine makes me happy... Sleep:Sleeping alot has to be allowed to avoid depression & unhappiness & stress... TV & Music:We got an Airport to broadcast wifi in our home, so now we listen to Grooveshark playlists all day long on an ipod stuck in some speakers, plus a Blue Ray player makes our tv get Netflix & we have shared House of cards, Orange is the new Black & Suits so far, in our content idleness...
