

Love Style

A beautiful environment that is your own can be the source of endless happiness and joy. Juliet Love shows how inspiration to redecorate your personal home spaces can be found everywhere - sometimes in the most unlikely places - then gives practical tips and advice on how to create your own beautiful environment that you'll love coming home to. Even if you think you are the least creative person, this book will help you learn about balance and harmony, and proportion and style to revamp all your living spaces, big or small. You'll find out how to: get the designer look on a tight budget - use visual tricks to create the illusion of space - match colors, textures and patterns confidently. Make your home your sanctuary; a place to rest and recharge, where you are surrounded by the things that you love. (Juliet Love)
