

Great Singers (Classic Reprint)

In compiling and arranging the material which enters into the following sketches of distinguished Singers, it is only honest to disclaim any originality except inasmuch as may be involved in a picturesque presentation of facts. The compiler has drawn freely from a great variety of sources, and has been simply guided by the desire to give the reading public such a digest of the more important incidents in the careers of the celebrities treated of as should be at once compact, rapid, and accurate. To serve this purpose the opinions and descriptions of writers and critics contemporary with the subjects have been used at length, and no means overlooked to give the sketches that atmosphere of freshness which is the outcome of personal observation. All that a compilation of this kind can hope to effect is best gained in preserving this kind of vividness, instead of revamping impressions and opinions into second-hand forms. Efforts have been taken to verify dates and facts, and it is believed they will be found trustworthy. (C. (Typographical errors above are due to OCR software and do not occur in the book.)
