

Finding Your Perfect Match: A Woman's Quick Reference Guide to Love, Sex and Marriage Using Astrology

This book is about sex. You need romance, but when the romance is over, you'd better be left with good sex. There's a difference between how you want to be handled in the bedroom-compared to the rest of the house. You deserve sexual compatibility and fulfillment. That said, this book is straight forward, steamy and spot on. As a rule of thumb, to keep your man sexually satisfied you must be a lady in the streets and a freak in the sheets. The stars and planets moon and stars create alignments that can lead you to your perfect sexual match. The science of sex will always lead back to astrology. Sex is a mind- body experience. In this book, you will find out how to connect both- at the same time. This is not some long, bland zodiac reading. This title provides quick, direct and exclusive insight into the sexual mind of your love interest. This title lists specifically what a woman needs to know in order to keep her man sexually fulfilled. It also takes the guesswork out of dating and sexual compatibility. Its not enough to seduce a man if you cant hold on to him afterwards. You must stimulate his secret nature in the bedroom or the next woman will.
